

PACED DECISION-MAKING MODEL

1. **Problem**—to determine which Bank/Credit Union is best for me!
2. **Alternatives**—list the alternatives that you are going to research
3. **Criteria**—Determine criteria that are important for the decision
4. **Evaluation**—How does each alternative rate in meeting each criteria (Low to High: 1-3)
5. **Decision**--_____ bank/credit union is the best for me!
